Roa, Raul

## Cuban Official Visits Mexico Over Spy Case

### Reports Proof That Diplomat Worked for CIA

Mexico City — (UPI) — Foreign Minister Raul Roa of Cuba said today that he had presented President Gustavo Diaz Ordaz, of Mexico, with "irrefutable proof" that a Mexican diplomat in Havana was a spy for the U. S. Central Intelligence Agency.

Roa and Diaz Ordaz conferred for nearly two hours yesterday in a hastily arranged conference. Mexico is the only Latin American nation that still recognizes the Castro regime.

Both nations have been at odds in a dispute over Mexico's demand for the return of air pirates. Relations grew worse last week when Cuba accused the press attache of the Mexican embassy in Havana of working for the CIA.

### 'Irrefutable Proof'

Roa said in a statement distributed by the Cuban Embassy here that "during our conversation I had the opportunity to show President Diaz Ordaz part of the irrefutable proof which our government possesses on the espionage activities" of the attache "in his role as an agent for the CIA."

The attache was recalled Monday for questioning by the foreign relations department.

Although the statement was distributed here, Roa had left Mexico as soon as his meeting ended.

"Next time you come, don't be in such a rush," Mr. Diaz Ordaz was heard to say to Mr. Roa as the two men came out of the President's office. They embraced in Latin American fashion as they said goodbye.

### Bolivian Charge

La Paz, Bolivia — (AP) — Foreign Minister Gustavo Medeiros says Bolivia plans to denounce Cuba before the UN General Assembly because of "fully proved" terrorist activities promoted by Prime Minister Fidel Castro's regime.

Medeiros said at a news conference last night that Bolivia would denounce Cuba's "unjust and violent intervention not only in Bolivia but in several other countries of Latin America."
